

Startup & Product-Oriented AI/ML Student

Name: Anusree V

Email: anusreeanu2005@gmail.com | **Phone:** +91-9645226059

LinkedIn: linkedin.com/in/rohang | **GitHub:** github.com/rohang

Education

- B.Tech in Artificial Intelligence, VIT Vellore (2021–2025)
- GPA: 8.7/10

Skills

- Languages: Python, JavaScript, SQL
- ML/DL: TensorFlow, PyTorch, HuggingFace Transformers
- Cloud & Deployment: AWS, GCP, Docker, Kubernetes
- Product: Agile, Scrum, Jira

Projects

- **AI-Powered Resume Screener:** Automated HR tool using NLP, deployed for campus recruitment.
- **Smart Traffic Prediction System:** Built ML model predicting congestion patterns with 85% accuracy.

Experience

- Product Intern, Ola Cabs (2024)
- Designed ML-based demand forecasting system, reducing idle time by 10%.

Leadership

- Founder, “AI Builders Club” at VIT — organized hackathons and workshops for 200+ students.
